

Maintenance Supervisor

This full-time permanent role will be based in a busy and fast paced production environment. The successful candidate will be responsible for developing a robust preventive maintenance programme, along with the ongoing maintenance and repair of all mechanical equipment to help minimise equipment downtime.

Duties to include:

- Develop and implement a whole site planned preventive maintenance model.
- Repair and maintenance of equipment associated with animal feed compounding.
- Minimise downtime on equipment through fast response and effective investigation and analysis to eliminate recurring issues.
- Participate in the planning, design and installation of a new plant.
- Site fabrication, cutting and welding.
- Respond to emergency breakdowns when required.
- Work in a safe manner adhering to site Health and Safety regulations and company procedures and ensure equipment is in safe working order.
- Maintain accurate and up-to-date records of maintenance activities.
- Liaise with and assist any 3rd party contractors in carrying out their duties on site.

Candidate profile:

- Time served with relevant trade qualification with at least 3-5 years work experience in site mechanical maintenance work.
- Knowledge of hydraulic and pneumatic systems desirable.
- Self-motivated with the ability to work as part of a team with good communication and problem-solving skills.
- The ability to work at heights and in confined spaces is essential.
- Ideally the candidate will reside in reasonably close proximity to the feed mill. (Kilkenny/South Tipperary/Waterford area).
- Knowledge and ability to develop and implement a maintenance programme.

What we offer:

- Competitive salary plus benefits.
- Full induction training.
- The opportunity to join an established recognised agribusiness.

How to apply:

Please send CV to hr@brettbrothers.ie or by post for the attention of the Operations Manager, Brett Brothers Ltd, Callan, Co. Kilkenny, R95DT93
